HUNNABALL
Family Funeral Group

"A family business, with family values"

A personal message from Trevor Hunnaball
Chairman

As 2017 draws to a close, I would like to share with you my immense gratitude for the support I have received from everyone in what has been my 60th year in the funeral industry.

I have had a fantastic year and I am truly honoured and blessed that so many special people were able to join me throughout the year as I celebrated my 60 years of service to the profession I love.

I sincerely appreciate the support everyone has given me over the course of my career. My wife Melanie, our family and dedicated staff who are all equally as passionate about the business as I am.

In honour of this very special year I chose the Colchester Hospital Charity 'Cancer Centre Campaign' as our charity of the year. We have all been working tirelessly fundraising for this essential campaign that is so dear to my heart. My own personal experience of the expert care of the dedicated professionals at Colchester Hospital inspired us as a family and business to raise funds to enhance the existing excellent facilities and improve patient care.

The NHS cannot fund all projects needed to continue the development of the Cancer Centre, and need the support of the community to get behind the campaign. I would therefore like to personally thank everyone who has supported our endeavours, and I am pleased to report that we have exceeded our own target of £10,000, with more fundraising events planned for early next year up until the campaign finishes in February 2018.

It is a tremendous honour to be a funeral director. People allow us to be responsible for their loved ones, they place their trust in us and I am privileged that I have been able to serve the local community for 6 decades. Thank you once again from the bottom of my heart.

Have a very happy Christmas and peaceful New Year.

Trevor Hunnaball
